

# 1500~1600MHz DC Pass 1Watts Attenuator

- KJ Comtech Code : AT00128-7/5
- N50 Type Female / N50 Type Male

## 1. Electrical & Mechanical Specification

| Parameter         | Unit |      | Specifications |
|-------------------|------|------|----------------|
| Frequency Range   | MHz  |      | 1500~1600      |
| VSWR              |      | Max. | 1.2 : 1        |
| Attenuation Value | dB   |      | 15±0.5         |
| Power             | W    | Max. | 1              |
| DC Pass           | V    |      | 5              |
| Current           | A    | Max. | 1              |

## 2. RF Data

TR1: In Port VSWR, TR2: Out Port VSWR, TR3: In-Out Attenuation Value
